### Global MX-5 Cup Car Technical Service Bulletin #12-17-2018

Optional: Global MX-5 Cup Transmission shift interlock and updated oil feed rail

#### This TSB describes:

- Optional changes to the GMX-5 cup car transmission.
  1. An internal interlock is now available that will prevent, during upshifts from 4<sup>th</sup> to 5<sup>th</sup> gear, disengagement of the shift selector.
  2. An updated internal oil feed rail

#### Installation:

Since the transmission is a sealed unit, these two upgrades may only be performed at Long Road Racing. The cost for the parts and installation, which will occur on **ANY** transmission services provided by Long Road Racing from this TSB date moving forward, are \$500.00 USD, plus any additional services & parts provided.
